SUMMARY FANATIC MAGAZINE TESTS 09-10

NewWave TE Twin

NW Twin 79, Windsurf UK 09-09:

Summing up: "...A great all round wave board that achieves a lot and always surprises. Very light and smooth, even when the wind gets

NW Twin 86, Boards UK 11_12-09 - FAVOURITE:

"...Overall: Most of the team said they would like to have a NW Twin in their quiver. It will work well in almost any conditions... Advanced riders will enjoy the radical nature of the board, while those with slightly less experience will soon be mastering tight, snappy turns at their local break. For a smooth ride at any break, look no further...."

NW Twin 79, Wind 241-09 (France)-FAVOURITE:

"...Verdict: A reference in Twin Fins and the choice of the Wind Test Team!"

NW Twin 79, surf 1_2-09 (Germany):

"... The Twin convinced with good planing abilities, excellent turns and variety on the wave and works in small eastsea waves as well as clean sideoffshore

NW Twin TE 79, PM 326 (France) – FAVOUR.:

"...Coup 2 Cœur – Radical and tolerant – a super talented board!..."

NW Twin TE 72, Wind 345 (France):

"... A great radical and versatile board..."

NewWave TE

NW TE 76, Wind 241-09 (France)-FAVOURITE:

"... Certainly one of the most versatile board of the market in any wind orientations. Verdict: A real success to sail efficiently in any wave conditions...."

NW TE 76, surf 1-2_09 (Germany):

"... The NewWave is a radical Waveboard, which covers a big range of use and works in spots from Hawaii, South Africa to North- and Eastsea...."

NW TE 76, Boards 12-01_09 (UK)-FAVOURITE:

"... The NewWave would be a great board for anyone looking to purchase something of this size, especially for those that only want a one waveboard quiver. It scored highly with all of the testers for both riding and jumping, and is comfortable for blasting in between. Whatever your wavesailing ability your board will allow you to progress in any conditions you care to throw it at...."

NW TE 83, PM 326 (France):

"...Very stable in long turns...."

NW TE 76, Wind 345 (France) – FAVOUR.:

"... Choice des Testers – a very versatile single fin waveboard..."

SUMMARY FANATIC MAGAZINE TESTS 09-10

FreeWave

FreeWave TE

FW 95 TE, Windsurf 11-12/09 (UK):

Summing Up: "The Fanatic is a brilliant freewave board. Performing well in bump and jump and wave conditions for an all round board there seem to be no limits."... You'll like The throw about feel and impressive control in any conditions...."

FW 105 TE, Windsurf 1-2/10 (UK) – FAVOURITE:

"... The FreeWave does everything that a freestyle wave board should do and manages to do everything really well and in any conditions...."

FW 95 TE, Windnews 12-1/10 (Italy) – FAVOURITE:

"....All positive+!! Easy quick planning, fast acceleration, wide range of use, perfect for manoeuvrers, easy to control...."

FW 85 TE, PM 326 (France):

"... Carves the waves without problems...."

FW 85 TE, Wind 345 (France) – FAVOURITE:

"...Choice des Testers – a great allround waveboard..."

Skate 100 TE, surf 10-09 (Germany) - FAVOURITE:

Short characteristic: "...The planing sensation from last year stays together with JP on top. Decorated with good turning abilities and best manoeuvre abilities, the Skate is the perfect Freestyle Allrounder. That's how it feels, if riding fun is combined with lots of spice in the moves...."

Skate 100 TE, WSJ 04-09 (Germany):

Fazit: "...An extreme agile board with excellent planing abilities, which is same fun doing loops on the straight line or power moves, where its turning fast while staying in perfect control...."

Skate

Skate TE

FW 95 TE, Boards 03/10 (UK) – FAVOUR.:

Summing Up: ""The Fanatic was liked by all. It's an awesome out-of-the-box package satisfying both experienced sailors and first time sub-100L riders alike. It would make a great purchase for almost anyone n the market for a "do-it-all" board....""

FW 95 TE, WSJ 01/10 (Germany) – FAVOUR.:

"The 2010 FW lost nothing of its allround character for waves, freestyle or freemove and glances with performance at highest level. A big climax to last years model..."

FW 85 TE, surf 04/10 (Germany) – FAVOUR.:

"The FW is one of the most agile and sportive boards ans is fun while riding smaller waves. With sportive gliding position and several footstrap positions great for freerider and freestyler. A radical board with lots of capabilities."

Hawk

Hawk LTD

Hawk 120, PM 326 (France) – FAVOURITE:

"... Coup 2 Cœur – breathtaking jibes...."

Hawk 120, Wind 345 (France): "... The most scalable board of this group..."

Hawk 100 LTD, WSJ 01/10 (Germany) – FAV.:

"The Hawk 100 is a bump-and jump machine for the dedication at north- and eastsea for blasting and jumps.... With the Hawk you are for sure not only the fastest at your spot, but can also look down to your colleagues while flying over them!"

Shark

Shark LTD

Shark 150, Wind 345 (France):

"...Fast fun...."

Shark 135 LTD, surf 05-10 (Germany): FAVOUR. - NEW

"...The new Shark is more able bodied than ever and feels very light-footed. A good fast glider for intermediates and hobby-windsurfers at the same time"

SUMMARY FANATIC MAGAZINE TESTS 09-10

Ray LTD

Ray LTD 95, PM 326 (France):
"...A incredible planning sensation!..."

Ray LTD 125, PM 326 (France):
"...Easy planning..."

Ray LTD 95, Wind 345 (France) - FAVOURITE:
"...Choice des Testers - huge performance and very accessible..."

Ray LTD 125, surf 05-10 (Germany) – FAVOUR. - NEW
"...A super piece for leisure time racers and speed-freaks. Easy to ride and fast. The Ray holds his promise: control combined with speed. Also suitable for "normal" freerider..."

Ray LTD 110, WS UK 04-10 (UK) – FAVOUR. - NEW
"...You'll like... The slalom style performance. You won't like... Nothing to mention... This is a great board that blends slalom speed and excitement with the easy user friendliness of a freeride board..."

Falcon Slalom

Falcon Slalom 102, PM 326 (France) – FAVOURITE:
"...Coup 2 Cœur – an absolute planning sensation in all conditions..."

Falcon Slalom 122, PM 326 (France):
"...Fast controlled planning..."

Falcon Slalom 122, Wind 345 (France):
"...Big potential for planning..."

Falcon Slalom 102, Wind 345 (France):
"...Controlled mix of power and planning..."
